

Quality and service form the basis of all activities at the branch offices in Fulda, Mücke, Schmalkalden, Eisenach, Silla (Spain), Greer (USA), Shanghai (China), Puebla (Mexico), Campulung (Romania) of the company:

*FFT Produktionssysteme GmbH & Co. KG*

The quality and compliance policy is the basis of fair behavior and the respectful treatment of others.

To acquire fully satisfied customers and intensify existing customer relations, our company objective is to make an impression with our satisfied, competent employees.

We are committed to continuously improving our quality management system to sustainably increase the effectiveness of our processes and reliably meet our customers' requirements, the required quality, and service.

To guarantee the effectiveness of the integrated management processes and implement the requirements placed on our organization by interested parties, a management review is held once a year.

Within the context of the integrated management process, we identify internal and external risks and take them into account in all our business decisions.

It is the company's declared aim to acquire international quality awards to prove its global competitiveness.

Fulda, the Executive Board,
