

Quality and service form the basis of all activities at the branch offices in Fulda, Mücke, Schmalkalden, Eisenach, Bremen, Silla (Spain), Greer (USA), Shanghai (China), Puebla (Mexico), Campulung (Romania) of the company:

FFT Produktionssysteme GmbH & Co. KG

The quality and compliance policy is the basis of fair behaviour and the respectful treatment of others.

To acquire fully satisfied customers and intensify existing customer relations, our company objective is to make an impression with our satisfied, competent employees.

We optimise our processes to realise the quality and service the customer requires.

To guarantee the effectiveness of the integrated management processes and implement the requirements placed on our organisation by interested parties, a management review is held once a year.

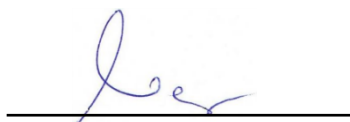

Within the context of the integrated management process, we identify internal and external risks, and take them into account in all our business decisions. The reason for having a strategic resource management is to minimise risks and increase opportunities.

It is the company's declared aim to acquire international quality awards to prove its global competitiveness.

Fulda, the Executive Board,

T. Pfurr

P. Walper

V. Stark
